

• **Please note: opening your TUL-1000 bezel will void your warranty.** Your TUL-1000 is factory sealed and does not require you to service the o-ring.

**Standard Warranty**

TUSA provides a limited warranty to the original purchaser of its products against all defects in original workmanship and material, under normal use and service, for one year from the date of purchase with the following exceptions:

• **All warranties void if bezel opened** • **Batteries are warranted for 90 days** • **Cosmetic discoloration of surfaces**

TUSA will not be liable for any further loss, damages, or expenses, including incidental or consequential damages directly or indirectly arising from the sale or use of this product. Products not manufactured by TUSA are not covered under the TUSA warranty. These products are covered by the Terms and Conditions set forth by their respective manufacturers.

**Important Information:**

- Always store your light fully charged
- Always lock the control switch of the light when traveling or in storage
- Never leave your equipment in the rinse bucket. It may be damaged by other equipment
- Rinse equipment in fresh water after every dive

**Dashboard**

65 min. Flood  
70 min. Spot

**1/2 Brightness**  
130 min. Flood  
140 min. Spot

**1/4 Brightness**  
260 min. Flood  
280 min. Spot

## Operation:

### 4. SOS Mode:

With light off, hold switch in "back" position for 4 seconds to engage SOS mode. To exit SOS mode, hold switch in either direction for 2 seconds to turn off, or press the switch forward and release it to turn light on in normal mode.

## Travel and Storage:

• Switch in locked position

• Switch unlocked

To save battery, TUL-1000 enters a deep standby mode when turned off. It may take up to 8 seconds for the charge indicator lights to turn on when the charger is plugged in. If the charge lights do not illuminate after 8 seconds, rapidly tap the charger against the charge contacts a few times, and then plug it back in.
